

PROTECT OUR SENSE OF PLACE: UPHOLD THE ANTIQUITIES ACT OF 1906

Dear Member of Congress: As a person of faith who values preserving the spiritual, cultural, and natural heritage with which God has blessed us, I urge you to uphold the Antiquities Act of 1906.

Starting with Theodore Roosevelt, sixteen presidents – eight Republicans and eight Democrats – have used the Act to protect historic landmarks, historic and prehistoric structures, and other objects of historic or scientific interest as national monuments. From historic monuments to iconic national parks that play host to memorable family vacations, our nation’s public lands are beloved embodiments of God’s power and love throughout time.

As a policy-maker, you are a steward of our nation’s most special places. Please make sure our country’s conservation legacy continues for generations to come by upholding the conservation action authority granted to U.S. presidents under the Antiquities Act of 1906. Thank you, [Signature]
